II. DEFINITIONS

"City Clerk" means the chief executive officer of the Office of the City Clerk

"Department" means the City of Chicago Office of the City Clerk

"Respondent" means the companies or individuals who submit their Proposal/Qualifications in response to this RFP.

"Services" means performance of all tasks, activities and deliverables associated with individual as performed by qualified and licensed personnel of the Respondent for the requirements in Exhibit 1, Scope of Services.

III. BACKGROUND AND GOALS OF THIS REQUEST

The Office of the City Clerk ("OCC") oversees the issuance of Residential Parking Daily Permits ("RPD") to qualified Chicago residents with a resident record in the OCC's database record environment.

Resident records come into existence in two possible ways: (i) they are created automatically via OCC system integration with Illinois Secretary of State ("SOS") systems and (ii) they are created individually/manually by OCC sellers using existing OCC systems (e.g., upon customer request, supported by customer-provided sufficient evidentiary documentation). Regardless of how a resident record was created, Resident records are uniquely identified by Customer Code, and those records which have a Driver's License/State ID ("DLSID") number (principally, those records created by SOS integration) are uniquely identified by DLSID number as well. The roll of qualified residents is maintained exclusively by the OCC via the means outlined above.

RPDs are issued to qualified residents in single sheets consisting of 15 individual stickers with each sticker serving as a 24-hour permit to park in a single residential parking zone. In the present environment, these sheets can be purchased either in person at OCC/CoC retail locations, or they can be purchased online at <http://webapps1.cityofchicago.org/ezbuy/>. In the latter case, the RPDs are ordered/paid-for online, and back-office processes at OCC facilitate the generation of physical sheets and the mailing thereof.

RPDs are available to qualifying residents at a cost of \$8 per sheet. No more than 3 sheets may be issued in a 30 day period per household. RPDs are valid for 24 hours from the time of posting/activation. RPDs also have expiration dates clearly printed on each individual sticker. Once expired, RPDs are no longer valid. Once purchased or expired, RPDs are not transferable, not refundable, and are not exchangeable. Additional information on the daily parking permit

program can be found at <http://chicityclerk.com/city-stickers-parking/about-parking-permits>. The full dataset of Chicago streets which contain zone parking can be found at: <http://data.cityofchicago.org/>

The OCC annually sells approximately 200,000 sheets (which equates to roughly 3 million individual RPD stickers). Recent sales volume has trended upward, based on continued expansion of sales venues, continued expansion of the number of Chicago street segments with zone parking, and the 2015 ordinance change that allowed residents to begin purchasing 45 passes per 30 days, as opposed to a “30 passes per 30 days,” a rule that had stood for decades.

The initial contract term will be 36 months from the date on which a contract is awarded by the City. In addition, the contract may provide that the City may elect to extend the contract up to 12 months to provide for ongoing Service or until a new contract is established.

The City will require the selected Respondent(s) to participate in contract negotiations. The City's requirement that the selected Respondent(s) negotiate is not a commitment by the City to award a contract. If the City determines that it is unable to reach an acceptable contract with the selected Respondent(s), including failure to agree on a fair and reasonable compensation schedule for the Services or any other terms or conditions, the EC may ask the City Clerk or their designee to terminate negotiations with the selected Respondent(s).

The City reserves the right to terminate this RFP solicitation at any stage if the City Clerk determines this action to be in the City's best interest. The receipt of Proposal or other documents will in no way obligate the City of Chicago to enter into any contract of any kind with any party.

VIII. ADDITIONAL DETAILS OF THE RFP PROCESS

9.1 Addenda

If it becomes necessary to revise or expand upon any part of this RFP, an addendum will be sent (electronically or by mail) to all of the prospective Respondents listed on the Take Out Sheet prior to the Proposal due date. EXHIBIT 1 - SCOPE OF SERVICES

SCOPE OF WORK AND DETAILED SPECIFICATIONS

General

The Office of the City Clerk (“OCC”) seeks proposals to provide qualifying Residential Parking Daily Permit (“RPD” or “Permit” or “Sticker”) purchasers the ability to purchase RPDs via a website application and via a smartphone application which will create an electronic receipt, similar to the City of Chicago (“CoC”) Parking Meter program, thereby eliminating the need for a physical product, while still ensuring compliance with all applicable OCC and RPD rules and regulations.

Proposals must be responsive, timely, and meet all of the criteria established via this Scope of Services and any addenda.

Background

The OCC oversees the issuance of RPDs to qualified Chicago residents with a resident record in the OCC’s database record environment. Resident records come into existence in two possible ways: (i) they are created automatically via OCC system integration with Illinois Secretary of State (“SOS”) systems and (ii) they are created individually/manually by OCC sellers using existing OCC systems (e.g., upon customer request, supported by customer-provided sufficient evidentiary documentation). Regardless of how a resident record was created, Resident records are uniquely identified by Customer Code, and those records which have a Driver’s License/State ID (“DLSID”) number (principally, those records created by SOS integration) are uniquely identified by DLSID number as well. The roll of qualified residents is maintained exclusively by the OCC via the means outlined above.

RPDs are issued to qualified residents in single sheets consisting of 15 individual stickers with each sticker serving as a 24-hour permit to park in a single residential parking zone. In the present environment, these sheets can be purchased either in person at OCC/CoC retail locations, or they can be purchased online at <http://webapps1.cityofchicago.org/ezbuy/>. In the latter case, the RPDs are ordered/paid-for online, and back-office processes at OCC facilitate the generation of physical sheets and the mailing thereof.

RPDs are available to qualifying residents at a cost of \$8 per sheet. No more than 3 sheets may be issued in a 30 day period per household. RPDs are valid for 24 hours from the time of posting. RPDs also have expiration dates clearly printed on each individual sticker. Once expired, RPDs are no longer valid. Once purchased, or expired, RPDs are not transferable, not refundable, and are not exchangeable. Additional information on the daily parking permit program can be found at <http://chicityclerk.com/city-stickers-parking/about-parking-permits>. The full dataset of Chicago streets which contain zone parking can be found at: <http://data.cityofchicago.org/>

The OCC annually sells approximately 200,000 sheets (which equates to roughly 3 million individual RPD stickers). Recent sales volume has trended upward, based on continued expansion of sales venues, continued expansion of the number of Chicago street segments with zone parking, and the 2015

ordinance change that allowed residents to begin purchasing 45 passes per 30 days, as opposed to a “30 passes per 30 days,” a rule that had stood for decades.

Vendor Solution

The solution proposed by the vendor will be considered to the degree the vendor can demonstrate compliance with the following specifications:

(1) Information Technology

a. Functional Specifications:

i. Integration with OCC systems

The OCC (using existing contracted technology vendors) maintains a collection of applications commonly known as the Sales Application Suite (hereafter, “SAS”), which (i) maintains all of the essential data related to sales of daily permits (and other products not germane to this RFP), as well as (ii) facilitates the actual processing of transactions which creates the products which are provided to customers. One of these applications is the “Third Party Seller API” (hereafter, “3PS-API”), which is a java-based app which existing OCC-contracted third party sellers use to sell a variety of OCC products (such as Vehicle Stickers: <http://chicityclerk.com/city-stickers-parking/about-city-stickers>). This API works as a standard a call/response protocol.

The 3PS-API is currently being enhanced to support the sale of digital RPDs (i.e., the subject of this RFP). When this enhancement is complete, the 3PS-API shall provide the following high-level functionalities, which vendors application suite must integrate with:

1. Resident management:

Vendor application makes a call to 3PS-API: find/update resident record. Resident records are uniquely identified with a customer code or DLSID (this is information the customer will already be privy to.) Only limited data fields can be updated by End Users, per OCC business rules; for example, OCC allows EZ>BUY online customers to update unit type / unit number, but not update the full address.

3PS-API responds with an affirmative or negative response. In the case of the affirmative, various data fields will be returned to the vendor app, reflecting the successful search result and various status data. In the case of the negative, an error message will be returned; for example, the search/update call was made with information that does not match any existing resident record.

2. Create Daily Permit Sheet(s):

Vendor application makes a call to 3PS-API: create Daily Permit record.

3PS-API responds with an affirmative or negative response. In the case of the affirmative, various data fields (including daily permit number, zone number, etc.) will be returned to the vendor app, reflecting the successful creation of a daily permit record. In the case of the negative, an error message will be returned; for example, vendor app commanded the creation of a daily permit record for a resident record where that resident record is not eligible to purchase per OCC business rules/regulations.

3. Resolve Issues:

Inevitably, as with all technologies, errors will occur in the course of the aforementioned integration activities. For example, items will be created that shouldn't have been, or updates will be made that shouldn't have been made. These should be an extremely rare situation. When this does occur, the following call can be used to resolve the issues independent of the OCC. Without this functionality, any/all wrongful actions would only be resolvable by OCC personnel using OCC-side systems.

Vendor application makes a call to resolve error for a specific record in the Resident record set or the Daily Permit record set.

3PS-API responds with an affirmative or negative response. In the case of the affirmative, various data fields will be returned to the vendor app, reflecting the successful resolution of the issue. In the case of the negative, an error message will be returned; for example, the call was sent with information that does not match any existing records.

ii. Vendor App Services

1. Baseline Service (Daily Pass Activation/Management)

Upon receiving an affirmative response to the "Create Daily Permit Sheet(s)" call, Vendor Application shall create a localized version ("localized" meaning: in the vendor environment) of the daily permit sheet, and for each sheet record returned, shall create 15 individual records corresponding to the 15 individual passes that would have been provided in the scenario of physical permit sheet.

Vendor application shall thereafter enable Vendor App end users/customers to "activate" an individual pass record: end user shall enter the following information:

- Vehicle License Plate State
- Vehicle License Plate Number
- Activation Date / Time (which can either be real-time time-stamp or a future date/time entered by the end user). Notably, restrictions will apply related to non-real-time date/times which the Vendor App must enforce.

2. API for CoC Enforcement

Vendor shall develop (based on to-be-completed specifications agreed upon by a joint OCC-Vendor Team), host, administer, maintain and support two applications related to street-level enforcement of the digital daily permit program. These applications will allow end users to search for and retrieve Daily Pass Activation data. Thus, enforcement agents on the street shall be able to immediately determine whether a vehicle they observe in a restricted area has an activated and unexpired digital daily pass or not; for example, agents would be able to query present digital daily pass usage for a specific plate state and a like search for vehicle plate number.

The two applications shall be: (i) a secure web-based application, which shall be “mobile friendly” (for example, is fully responsive design OR has a specially-created mobile-version of a main site, which is maintained alongside the main site) and (ii) an API which CoC applications/devices can directly access.

Notably the web-based application(s) shall be essential for an initial pilot phase of the digital daily permit program, and the API will need to be aggressively built-out, as this API will be essential for large-scale implementation of the digital daily permit program.

3. Access to Data

All data created by the Vendor as it relates to Daily Pass Activation/Management and other services managed by the vendor (aside from PCI-restricted payment information) shall be considered unrestricted property of the City of Chicago, which the vendor shall enable the OCC to access at no additional cost. To that end, vendor shall minimally provide the following:

- a. In partnership with the OCC, Vendor shall provide a solution whereby all data older than 24 hours/1 business day shall be fully accessible to OCC/CoC querying. This solution can be accommodated by enabling OCC system administrators to directly access a vendor-managed data warehouse / reporting

database, or by pushing all data to an OCC/CoC environment, or by other means to be designed and agreed upon by OCC and the vendor.

- b. Vendor shall develop (based on to-be-completed specifications agreed upon by a joint OCC-Vendor Team), host, administer, maintain and support and make available to OCC one or more of the following, to be finalized in collaboration with OCC:
 - i. A secure web-based application which OCC designated users shall be able to use to make real-time searches as it relates to data created/maintained by the vendor. Notably, a web-based app of this nature could be an extension of the enforcement web-based app outlined above; however, the two different groups of web-based app end users (i.e., enforcement agents v. OCC personnel) would need to be provided with different levels of access to information. For example, OCC users could access full data, whereas enforcement users could only access those fields related to enforcement, such as plate number, permit start/end time, etc.
 - ii. An API that OCC applications shall be able to access and thereby acquire the Vendor-side data that would otherwise be available via the aforementioned web-based app. Notably, an API of this nature could be an extension of the enforcement API outlined above; however, the two different groups of API end users (i.e., enforcement agents v. OCC personnel) would need to be provided with different levels of access to information. For example, OCC users could access full data, whereas enforcement users could only access those fields related to enforcement, such as plate number, permit start/end time, etc.
- c. Independently of the services outlined above, Vendor shall at any time respond to any “bulk data”/ETL requests made by the CoC, whereby any/all data shall be provided via a means outlined by the City of Chicago. There shall be no additional costs for this service, and the request shall be responded to in a reasonable timeframe.

4. Routine Operational Reporting

Vendor shall establish a system for use by authorized representatives of the OCC to create reports that are necessary for the administration of the digital daily permit program. :

- Live reporting of accounts receivable from vendor;
- Live reporting on RPDs in use by an authorized household;
- Live reporting on vehicle information for every RPD issued – both current and past;
- Archive reporting for each authorized household, including reports with customized date and usage history;
- Live reporting on payment status for every authorized household;
- Live commenting for authorized OCC representatives for each authorized household account;
- Customizable reports for Active, Inactive, and Other authorized households; AND
- Any other report(s) necessary to operate, administer, and/or enforce the policies and procedures of the OCC as they relate to RPDs and related programs.

5. Miscellaneous End User Features

The vendor app shall provide a series of end-user facing features, including minimally:

- a. Ability to store and manage multiple Resident records. For example, some Chicago residents have two actual Resident data records: one record for an address where they reside, and another record for an address of a building they own/manage.
- b. Ability to view Daily Permit purchasers made via the app.
- c. Ability to send an email version of a daily pass purchase to an End User's designated email account.
- d. Ability to view digital Daily Pass usage consumed by the user.
- e. Ability to send an email version of a daily pass usage record to an End User designated email account.
- f. Ability to manage end user profile information, such as name, billing address, email address and other contact information, etc. (Please note: this profile information is distinct and separate from the Resident record data that is maintained by OCC.)
- g. Ability to store credit card, debit card, and any other acceptable forms of payment, as well as the ability to update and add new payment methods.
- h. Ability in the smart phone app to generate reminders/notifications (leveraging existing smart phone

architectures within Apple iOS/Google Android, etc.) as to when a permit shall be expiring.

- i. Ability to have email/text reminders sent to End User designated email addresses/mobile numbers, so as to serve as a reminder of expiration to other persons (for example, those persons whose vehicles are being parked using the End User's daily pass).
- j. Ability to manage user preferences.
- k. Ability to report problems/bugs/issues related to the app.
- l. Ability to review troubleshooting tips related to the app.

b. Technical Specifications:

- i. Smart phone apps must be available for free download minimally on the Apple App Store, Google Play Store and Windows Phone Store. In-app purchases shall be expressly forbidden if they interfere with or place additional costs on the End User's experience related to the basic purchasing of RPDs and usage of items.
- ii. Vendor technologies shall not directly provide any feature or support any integration that expressly enables the misuse of RPDs or activities related to the program, such as providing a forum for End Users to sell RPDs.
- iii. Vendor technologies shall abide by any present and future information technology security requirements as promulgated by the City of Chicago – Department of Innovation and Technology.
- iv. Vendor technologies shall abide by all PCI/financial information security requirements as promulgated by the US Federal Reserve Bank and other federal monetary institutions.
- v. Updated/most current vendor smart phone applications shall have a zero-downtime availability: the application shall be completely available to end users to activate/use passes 24/7/365, except for those instances where the smart phone app is being updated by the End User to a more recent release. Vendor web-based applications shall have 99.9% availability, with downtime acceptable only for as-needed maintenance. Vendor technologies shall be supported by a robust back-up and recovery plan, with multiple redundancies to ensure non-interruption of service.

c. Additional Future Specifications

The OCC reserves the right to promulgate additional requirements, in regards to integration with CoC systems, vendor-side application features/services, and any other functional/technological/administrative capacities as it relates to the general scope of effective administration of a digital daily permit program. During the entire term of the contract, the vendor shall be required to comply with these evolving requirements

(which shall be developed in collaboration with the vendor), and to comply in a reasonable timeframe. The OCC reserves the right to determine specific details as to such requirements and deliverable timeframes.

d. Modification/Cancellation of Promulgated Specifications

The OCC reserves the right to cancel or refine any requirements, in regards to integration with CoC systems, vendor-side application features/services, and any other functional/technological/administrative capacities as it relates to the general scope of effective administration of a digital daily permit program. During the entire term of the contract, the vendor shall be required to comply with these evolving requirements (which shall be developed in collaboration with the vendor), and to comply in a reasonable timeframe. The OCC reserves the right to determine specific details as to such requirements and deliverable timeframes.

(2) Legal Compliance

Vendor technologies shall abide by all rules and regulations for the preservation of data as including the Illinois Records Retention Act, the Illinois Personal Information Protection Act, the Federal Driver's Privacy Protection Act, and any other applicable federal, state and local law(s).

(3) Customer Service & Performance Management

a. Customer Service

End User Vendor's Customer Service Representatives shall be available by phone, email and in-app communications (if vendor app provides the latter) 24 hours per day to both qualifying households AND the OCC to provide instructions and information on how to use the web and/or mobile based RPD system, handle complaints, and provide information on general procedures and policies.

The OCC reserves the right to promulgate reasonable specific Service Level Agreements related to customer service delivery.

b. Performance Management

Vendor shall design, implement and manage an incident management program whereby any and all identified/reported end user issues shall be catalogued, and that this catalogue can be used as a basis of communicating issues to the OCC.

(4) Intellectual Property

All data created by the Vendor as it relates to Daily Pass Activation/Management, and other services managed by the vendor (aside from PCI-restricted payment information) shall be considered unrestricted property of the City of Chicago Vendor shall never delete or purge any production-environment data related to this engagement unless specifically authorized via the

OCC. Unless expressly and specifically authorized by End Users/Customers, the vendor shall not sell, share or divulge any data related to this program with any external parties.

(5) Payment Processing

Vendor shall provide a mechanism for payment processing that includes, but is not limited to:

- Collection of RPD remittances received via electronic payment;
- Daily reporting of all remittances received via electronic payment;
- Processing of all payments within 1 business day, and deposit of remittances within 4 business days;
- Updating of database/computer records on a real time basis for all payment statuses; AND
- Provide any other web/mobile based mechanism(s) required to operate the proposed system.

(6) General / Miscellaneous Specifications

The vendor shall make the OCC aware of any service requirements not mentioned which may be necessary or prudent towards the successful implementation of this program.

Contract Term

(1) Initial Term

The Initial Term for this Contract will be 36 months, unless terminated earlier or extended pursuant to the terms of the contract.

The City will establish the start and expiration dates at the time of formal award and release of the contract.

The start date will be no later than the first day of the succeeding month from the date shown as the Contract Award and Release Date on the Proposal Acceptance Page.

**EXHIBIT 5 - SPECIAL CONDITIONS REGARDING MINORITY BUSINESS ENTERPRISE
COMMITMENT AND WOMEN BUSINESS ENTERPRISE COMMITMENT FOR MBE/WBE
PROFESSIONAL SERVICES**

CITY OF CHICAGO
Department of Procurement Services
Jamie L. Rhee, Chief Procurement Officer
121 North LaSalle Street, Room 806
Chicago, Illinois 60602-1284
Fax: 312-744-3281

PROFESSIONAL SERVICES MBE & WBE SPECIAL CONDITIONS

**SPECIAL CONDITIONS REGARDING MINORITY BUSINESS ENTERPRISE COMMITMENT AND
WOMEN BUSINESS ENTERPRISE COMMITMENT FOR MBE/WBE PROFESSIONAL SERVICES**

I. POLICY AND TERMS

It is the policy of the City of Chicago that Local Businesses certified as Minority Business Enterprises (MBE) and Women Business Enterprises (WBE) in accordance with Section 2-92-420 et seq. of the Municipal Code of Chicago and Regulations Governing Certification of Minority and Women-owned Businesses, and all other Regulations promulgated under the aforementioned sections of the Municipal Code shall have full and fair opportunities to participate fully in the performance of this agreement. Therefore, the contractor shall not discriminate against any person or business on the basis of race, color, sex, gender identity, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status or source of income, and shall take affirmative action to ensure that MBEs and WBEs shall have full and fair opportunities to compete for and perform subcontracts for supplies or services.

Pursuant to Section 2-92-430 of the Municipal Code of Chicago, the Chief Procurement Officer has established a goal of awarding not less than 25% of the annual dollar value of all non-construction contracts to certified MBEs and 5% of the annual dollar value of all non-construction contracts to certified WBEs.

Accordingly, the Contractor commits to make Good Faith Efforts to expend at least the following percentages of the total contract price (inclusive of any and all modifications and amendments), if awarded, for contract participation by MBEs and WBEs:

MBE Contract Goal: 0%
WBE Contract Goal: 0%

The commitment is met by the contractor's status as an MBE or WBE, or by a joint venture with one or more certified MBEs or WBEs that will perform work on the project, or by subcontracting a portion of the work to one or more MBEs or WBEs, or by the purchase of materials used in the performance of the

contract from one or more MBEs or WBEs, or by the indirect participation of MBEs or WBEs in other aspects of the contractor's business (but no dollar of such indirect MBE or WBE participation shall be credited more than once against a contractor's MBE or WBE commitment with respect to all government contracts of such contractor), or by any combination of the foregoing.

Note: MBE/WBE participation goals are separate and those businesses certified with the City of Chicago as both MBE and WBE may only be listed on a bidder's compliance plan as either a MBE or a WBE, but not both to demonstrate compliance with the contract goals.

As noted above, the contractor may meet all or part of this commitment by contracting with MBEs or WBEs for the provision of goods or services not directly related to the performance of this contract. However, in determining the manner of MBE/WBE participation, the contractor shall first consider involvement of MBEs/WBEs as joint venture partners, subcontractors, and suppliers of goods and services directly related to the performance of this contract. In appropriate cases, the Chief Procurement Officer will require the contractor to demonstrate the specific efforts undertaken to involve MBEs and WBEs in direct participation in the performance of this contract.

The contractor also may with prior approval of the Chief Procurement Officer or designee, meet all, or part, of this commitment through credits received pursuant to Section 2-92-530 of the Municipal Code of Chicago for the voluntary use of MBEs or WBEs in private sector projects.

II. DEFINITIONS

- a. "Area of Specialty" means the description of a MBEs or WBE firm's business which has been determined by the Chief Procurement Officer to be most reflective of the MBE or WBE firm's claimed specialty or expertise. Each MBE and WBE letter of certification contains a description of the firm's Area of Specialty. This information is also contained in the Directory (defined below). Credit towards this Contract's MBE and WBE participation goals shall be limited to the participation of firms performing within their Area of Specialty.

NOTICE: The City of Chicago does not make any representation concerning the ability of any MBE/WBE to perform work within their Area of Specialty. It is the responsibility of all contractors to determine the capability and capacity of MBEs/WBEs to satisfactorily perform the work proposed.

- b. "B.E.P.D." means an entity certified as a Business enterprise owned or operated by people with disabilities as defined in MCC 2-92-586.
- c. "Bid" means a bid, proposal, or submittal detailing a description of the services or work to be provided by the contractor in response to a bid solicitation, request for proposal, request for qualification of task order request (issued in accordance with the Master Consulting Agreement) that issued by the City.
- d. "Bidder" means any person or business entity that submits a bid, proposal, qualification or submittal that seeks to enter into a contract with the City, and includes all partners,

affiliates and joint ventures of such person or entity.

- e. "Broker" means a person or entity that fills orders by purchasing or receiving supplies from a third party supplier rather than out of its own existing inventory and provides no commercially useful function other than acting as a conduit between his or her supplier and his or her customer.
- f. "Chief Procurement Officer" or "CPO" means the Chief Procurement Officer of the City of Chicago or his or her designee.
- g. "Commercially Useful Function" means responsibility for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing, and supervising the work involved, evidencing the responsibilities and risks of a business owner such as negotiating the terms of (sub)contracts, taking on a financial risk commensurate with the contract or its subcontract, responsibility for acquiring the appropriate lines of credit and/or loans, or fulfilling responsibilities as a joint venture partner as described in the joint venture agreement.
- h. "Contract Specific Goals" means the subcontracting goals for MBE and WBE participation established for a particular contract.
- i. "Contractor" means any person or business entity that has entered into a contract with the City as described herein, and includes all partners, affiliates, and joint ventures of such person or entity.
- j. "Direct Participation" the total value of payments made to MBE or WBE firms for work that is completed in their Area of Specialty directly related to the performance of the subject matter of the Contract will count as Direct Participation toward the Contract Specific Goals.
- k. "Directory" means the Directory of Certified "Minority Business Enterprises" and "Women Business Enterprises" maintained and published by the City of Chicago. The Directory identifies firms that have been certified as MBEs and WBEs, and includes both the date of their last certification and the area of specialty in which they have been certified. Contractors are responsible for verifying the current certification status of all proposed MBE, and WBE firms.
- l. "Good Faith Efforts" means actions undertaken by a bidder or contractor to achieve a Contract Specific Goal that the CPO or his or her designee has determined, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program's requirements.
- m. "Indirect Participation" refers to the value of payments made to MBE or WBE firms for work that is done in their Area of Specialty related to other aspects of the Contractor's business. (Note: no dollar of such indirect MBE or WBE participation shall be credited more than once against a contractor's MBE or WBE commitment with respect to all government contracts held by that contractor.)

- n. "Joint venture" means an association of a MBE or WBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which each joint venture partner contributes property, capital, efforts, skills and knowledge, and in which the MBE or WBE is responsible for a distinct, clearly defined portion of the work of the contract and whose share in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest.
- o. "Minority Business Enterprise" or "MBE" means a firm certified as a minority-owned business enterprise in accordance with City Ordinances and Regulations.
- p. "Municipal Code of Chicago" or "MCC" means the Municipal Code of the City of Chicago.
- q. "Supplier" or "Distributor" refers to a company that owns, operates, or maintains a store, warehouse or other establishment in which materials, supplies, articles or equipment are bought, kept in stock and regularly sold or leased to the public in the usual course of business. A regular distributor or supplier is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for performance of the Contract are bought, kept in stock, and regularly sold to the public in the usual course of business. To be a regular distributor the firm must engage in, as its principal business and in its own name, the purchase, and sale of the products in question. A regular distributor in such bulk items as steel, cement, gravel, stone, and petroleum products need not keep such products in stock if it owns or operates distribution equipment.
- r. "Women Business Enterprise" or "WBE" means a firm certified as a women-owned business enterprise in accordance with City Ordinances and Regulations.

III. **Joint Ventures**

The formation of joint ventures to provide MBEs and WBEs with capacity and experience at the prime contracting level, and thereby meet the contract's MBE/WBE participation goals (in whole or in part) is encouraged. A joint venture may consist of any combination of MBEs, WBEs, and non-certified firms as long as one member is an MBE or WBE.

- A. The joint venture may be eligible for credit towards the contract's MBE/WBE participation goals only if:
 1. The MBE or WBE joint venture partner's share in the capital contribution, control, management, risks and profits of the joint venture is equal to its ownership interest;
 2. The MBE or WBE joint venture partner is responsible for a distinct, clearly defined portion of the requirements of the contract for which it is at risk;
 3. Each joint venture partner executes the bid to the City; and
 4. The joint venture partners have entered into a written agreement specifying the terms

and conditions of the relationship between the partners and their relationship and responsibilities to the contract, and all such terms and conditions are in accordance with the conditions set forth in Items 1, 2, and 3 above in this Paragraph A.

- B. The Chief Procurement Officer shall evaluate the proposed joint venture agreement, the Schedule B submitted on behalf of the proposed joint venture, and all related documents to determine whether these requirements have been satisfied. The Chief Procurement Officer shall also consider the record of the joint venture partners on other City of Chicago contracts. The decision of the Chief Procurement Officer regarding the eligibility of the joint venture for credit towards meeting the contract's MBE/WBE participation goals, and the portion of those goals met by the joint venture, shall be final.

The joint venture may receive MBE or WBE credit for work performed by the MBE or WBE joint venture partner(s) equal to the value of work performed by the MBE or WBE with its own forces for a distinct, clearly defined portion of the work.

Additionally, if employees of the joint venture entity itself (as opposed to employees of the MBE or WBE partner) perform the work then the value of the work may be counted toward the contract's MBE/WBE participation goals at a rate equal to the MBE or WBE firm's percentage of participation in the joint venture as described in Schedule B.

The Chief Procurement Officer may also count the dollar value of work subcontracted to other MBEs and WBEs. Work performed by the forces of a non-certified joint venture partner shall not be counted toward the contract's MBE/WBE participation goals.

- C. Schedule B: MBE/WBE Affidavit of Joint Venture

Where the bidder's Compliance Plan includes the participation of any MBE or WBE as a joint venture partner, the bidder must submit with its proposal a Schedule B and the proposed joint venture agreement. These documents must both clearly evidence that the MBE or WBE joint venture partner(s) will be responsible for a clearly defined portion of the work to be performed, and that the MBE's or WBE's responsibilities and risks are proportionate to its ownership percentage. The proposed joint venture agreement must include specific details related to:

1. The parties' contributions of capital, personnel, and equipment and share of the costs of insurance and bonding;
2. Work items to be performed by the MBE's or WBE's own forces and/or work to be performed by employees of the newly formed joint venture entity;
3. Work items to be performed under the supervision of the MBE or WBE joint venture partner; and
4. The MBE's or WBE's commitment of management, supervisory, and operative personnel to the performance of the contract.

Notice: Vague, general descriptions of the responsibilities of the MBE or WBE joint venture partner do not provide any basis for awarding credit. For example, descriptions such as “participate in the budgeting process,” “assist with hiring,” or “work with managers to improve customer service” do not identify distinct, clearly defined portions of the work. Roles assigned should require activities that are performed on a regular, recurring basis rather than as needed. The roles must also be pertinent to the nature of the business for which credit is being sought. For instance, if the scope of work required by the City entails the delivery of goods or services to various sites in the City, stating that the MBE or WBE joint venture partner will be responsible for the performance of all routine maintenance and all repairs required to the vehicles used to deliver such goods or services is pertinent to the nature of the business for which credit is being sought.

Notice: The City requires that, whenever a joint venture is proposed as the prime Contractor, each joint venture partner must separately sign the proposal to the City, in the pages captioned TO BE EXECUTED BY A CORPORATION; TO BE EXECUTED BY A PARTNERSHIP; and/or TO BE EXECUTED BY A SOLE PROPRIETOR, as applicable.

IV. COUNTING MBE/WBE PARTICIPATION TOWARD THE CONTRACT GOALS

Refer to this section when preparing the MBE/WBE compliance plan and completing Schedule D-1 for guidance on what value of the participation by MBEs and WBEs will be counted toward the stated Contract Specific Goals. The “Percent Amount of Participation” depends on whether and with whom a MBE or WBE subcontracts out any portion of its work and other factors.

Firms that are certified as both MBE and WBE may only be listed on a bidder’s compliance plan as either a MBE or a WBE to demonstrate compliance with the Contract Specific Goals. For example, a firm certified as both a MBE and a WBE may only listed on the bidder’s compliance plan under one of the categories, but not both. **Only payments made to MBE and WBE firms that meet BOTH the Commercially Useful Function and Area of Specialty requirements above will be counted toward the Contract Specific Goals.**

- A. Only expenditures to firms that perform a **Commercially Useful Function** as defined above may count toward the Contract Specific Goals.
 - 1. The CPO will determine whether a firm is performing a commercially useful function by evaluating the amount of work subcontracted, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the credit claimed for its performance of the work, industry practices, and other relevant factors.
 - 2. A MBE or WBE does not perform a commercially useful function if its participation is only required to receive payments in order to obtain the appearance of MBE or WBE participation. The CPO may examine similar commercial transactions, particularly those in which MBEs or WBEs do not participate, to determine whether non MBE and non WBE firms perform the same function in the marketplace to make a determination.

- B. Only the value of the dollars paid to the MBE or WBE firm for work that it performs in its

Area of Specialty in which it is certified counts toward the Contract Specific Goals.

- C. If the MBE or WBE performs the work itself:
 - 1. 100% of the value of work actually performed by the MBE's or WBE's own forces shall be counted toward the Contract Specific Goals, including the cost of supplies and materials purchased or equipment leased by the MBE or WBE from third parties or second tier subcontractors in order to perform its (sub)contract with its own forces (except supplies and equipment the MBE or WBE subcontractor purchases or leases from the prime contractor or its affiliate). **0% of the value of work at the project site that a MBE or WBE subcontracts to a non-certified firm counts toward the Contract Specific Goals**

- D. If the MBE or WBE is a manufacturer:
 - 1. 100% of expenditures to a MBE or WBE manufacturer for items needed for the Contract shall be counted toward the Contract Specific Goals. A manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the bidder or contractor.

- E. If the MBE or WBE is a distributor or supplier:
 - 1. 60% of expenditures for materials and supplies purchased from a MBE or WBE that is certified as a regular dealer or supplier shall be counted toward the Contract Specific Goals.

- F. If the MBE or WBE is a broker:
 - 1. 0% of expenditures paid to brokers will be counted toward the Contract Specific Goals.
 - 2. As defined above, Brokers provide no commercially useful function.

- G. If the MBE or WBE is a member of the joint venture contractor/bidder:
 - 1. A joint venture may count the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the MBE or WBE performs with its own forces toward the Contract Specific Goals; or
 - 2. If employees of this distinct joint venture entity perform the work then the value of the work may be counted toward the Contract Specific Goals at a rate equal to the MBE or WBE firm's percentage of participation in the joint venture as described in Schedule B.
 - 3. A joint venture may also count the dollar value of work subcontracted to other MBEs and WBEs, however, work subcontracted out to non-certified firms may not be counted.

- H. If the MBE or WBE subcontracts out any of its work:
 - 1. 100% of the value of the work subcontracted to other MBEs or WBEs performing work in its Area of Specialty may be counted toward the Contract Specific Goals.
 - 2. 0% of the value of work that a MBE or WBE subcontracts to a non-certified firm counts toward the Contract Specific Goals (except as allowed by C.1. above).
 - 3. The fees or commissions charged for providing a *bona fide* service, such as professional, technical, consulting or managerial services or for providing bonds or insurance and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the Contract, may be counted toward the Contract

Specific Goals, provided that the fee or commission is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.

4. The fees charged for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies, provided that the fee is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.
5. The fees or commissions charged for providing any bonds or insurance, but not the cost of the premium itself, specifically required for the performance of the Contract, provided that the fee or commission is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.

V. REGULATIONS GOVERNING REDUCTIONS TO OR WAIVER OF MBE/WBE GOALS

The following Regulations set forth the standards to be used in determining whether or not a reduction or waivers of the MBE/WBE commitment goals of a particular contract are appropriate. If a bidder determines that it is unable to meet the MBE and/or WBE goal percentage on a City of Chicago contract, a written request for the reduction or waiver of the commitment must be included in the bid or proposal.

The written request for reduction or waiver from the commitment must be in the form of a signed petition for grant of relief from the MBE/WBE percentages submitted on the bidder's letterhead, and must demonstrate that all required efforts as set forth in this document were taken to secure eligible Minority and Women Business Enterprises to meet the commitments. The Chief Procurement Officer or designee shall determine whether the request for the reduction or waiver will be granted.

All bidders will be considered responsive to the terms and conditions of these Regulations if, at the time of bid, it submits a waiver request and all supporting documentation that adequately addresses the conditions for waiver of MBE/WBE goals, including proof of notification to assist agencies except:

- 1) Bidders responding to Request for Proposals (RFPs) who have been identified as a sort listed candidate and/or a prospective awardee will be given a designated time allowance, but no more than fourteen (14) calendar days to submit to the Department of Procurement Services complete documentation that adequately addresses the conditions for waiver described herein; and
- 2) Bidders responding to Request for Information and or Qualifications (RFI/RFQs) deemed by the Chief Procurement Officer or authorized designee to be the most responsive and responsible shall submit documentation that adequately addresses the conditions for waiver described herein during negotiations.

Failure to submit documentation sufficient to support the waiver request will cause the bid/proposal to be found non-responsive by the Chief Procurement Officer, and the bid/proposal will be rejected. In such cases the remedies to be taken by the Chief Procurement

Officer, in his or her discretion, may include, but are not limited to, forfeiture of bid deposit; negotiating with the next lowest bidder; or re-advertising the bid/proposal. All bidders must submit all required documents at the time of bid opening to expedite the contract award.

A. Direct/Indirect Participation

Each of the following elements must be present in order to determine whether or not such a reduction or waiver is appropriate.

1. The bidder has documented the unsuccessful solicitation for either subcontractors or joint venture partners of at least 50% (or at least five when there are more than eleven certified firms in the commodity area) of the appropriate certified MBE/WBE firms to perform any direct or indirect work identified or related to the advertised bid/proposal.. Documentation must include but is not necessarily limited to:
 - a. A detailed statement of efforts to identify and select portions of work identified in the bid solicitation for subcontracting to MBEs and WBEs;
 - b. A listing of all MBEs and WBEs contacted for the bid solicitation that includes:
 - i. Name, address, email and telephone number of MBE/WBE firms solicited;
 - ii. Date and time of contact;
 - iii. Person contacted;
 - iv. Method of contact (letter, telephone call, facsimile, email, etc.).
 - c. Copies of letters or any other evidence of mailing that substantiates outreach to MBE/WBE vendors that includes:
 - i. Project identification and location;
 - ii. Classification/commodity of work items for which quotations were sought;
 - iii. Date, item, and location for acceptance of subcontractor bids;
 - iv. Detailed statements summarizing direct negotiations with appropriate MBEs and WBEs for specific portions of the work and indicating why negotiations were not successful;
 - v. Affirmation that Good Faith Efforts have been demonstrated by: choosing subcontracting opportunities likely to achieve MBE/WBE goals; not imposing any limiting conditions which were not mandatory for all subcontractors; providing notice of subcontracting opportunities to M/WBE firms and assist agencies at least five (5) business days in advance of the initial bid due date.

OR

2. Subcontractor participation will be deemed excessively costly when the MBE/WBE subcontractor proposal exceeds the average price quoted by more than twenty percent (20%). In order to establish that a subcontractor's quote is excessively costly, the bidder must provide the following information:

- a. A detailed statement of the work identified for MBE/WBE participation for which the bidder asserts the MBE/WBE quote(s) were excessively costly (in excess of 20% higher).
 - b. A listing of all potential subcontractors contacted for a quotation on that work item;
 - c. Prices quoted for the subcontract in question by all such potential subcontractors for that work item.
3. Other documentation that demonstrates to the satisfaction of the Chief Procurement Officer that the MBE/WBE proposals are excessively costly, even though not in excess of 20% higher than the average price quoted. This determination will be based on factors that include, but are not limited to the following:
- a. The City's estimate for the work under a specific subcontract;
 - b. The bidder's own estimate for the work under the subcontract;
 - c. An average of the bona fide prices quoted for the subcontract;
 - d. Demonstrated increase in other contract costs as a result of subcontracting to the M/WBE or other firm.

B. Assist Agency Participation

Every waiver and/or reduction request must include evidence that the bidder/contractor has provided timely notice of the need for subcontractors to an appropriate association/assist agency representative of the MBE/WBE business community shown in Attachment A. This notice must be given at least five (5) business days in advance of the initial bid due date.

The notice requirement of this Section will be satisfied if a bidder contacts at least one of the associations on Attachment A when the prime contractor seeks a waiver or reduction in the utilization goals. Attachment B provides the letter format that a prime contractor may use. Proof of notification prior to bid submittal (e.g. certified mail receipt or facsimile transmittal receipt) will be required for any bid/proposal submitted to be deemed responsive on the date of bid opening. If deemed appropriate, the Contract Compliance Officer may contact the assist agency for verification of notification.

C. Impracticability

1. If the Chief Procurement Officer determines that a lesser MBE and/or WBE percentage standard is appropriate with respect to a particular contract subject to competitive bidding prior to the bid solicitations for such contract, bid specifications shall include a statement of such revised standard.
2. The requirements set forth in these Regulations shall not apply where the Chief Procurement Officer determines prior to the bid solicitations that MBE/WBE subcontractor participation is impracticable.

This may occur whenever the Chief Procurement Officer determines that for reasons of time, need, industry practices, or standards not previously known by the Chief Procurement Officer,

or such other extreme circumstances as may be deemed appropriate, such a Waiver is in the best interests of the City. This determination may be made in connection with a particular contract, whether before the contract is let for bid, during the bid or award process, before or during negotiation of the contract, or during the performance of the contract.

For all notifications required to be made by bidders in situations where the Chief Procurement Officer has determined that time is of the essence, documented telephone contact may be substituted for letter contact.

VI. PROCEDURE TO DETERMINE BID COMPLIANCE

A bid may be rejected as non-responsive if it fails to submit one or more of the following with its bid demonstrating its Good Faith Efforts to meet the Contract Specific Goals by reaching out to MBEs and WBEs to perform work on the contract: 1) An MBE/WBE compliance plan demonstrating how the bidder plans to meet the Contract Specific Goals; and/or 2) a request for reduction or waiver of the Contract Specific Goals in accordance with Section 2-92-450 of the MCC.

Only compliance plans utilizing MBE and WBE firms that meet BOTH the Commercially Useful Function and Area of Specialty requirements will be counted toward the Contract Specific Goals.

The following Schedules and described documents constitute the bidder's MBE/WBE proposal, and must be submitted in accordance with the guidelines stated:

A. **Schedule C-1: Letter of Intent from MBE/WBE to Perform as Subcontractor, Supplier, and/or Consultant**

The bidder must submit the appropriate Schedule C-1 with the bid for each MBE and WBE included on the Schedule D-1. Suppliers must submit the Schedule C-1 for Suppliers, first tier subcontractors must submit a Schedule C-1 for Subcontractors to the Prime Contractor, and second or lower tier subcontractors must submit a Schedule C-1 for second tier Subcontractors. The City encourages subcontractors to utilize the electronic fillable format Schedule C-1, which is available at the Department of Procurement Services website, <http://cityofchicago.org/forms>. Each Schedule C-1 must accurately detail the work to be performed by the MBE or WBE and the agreed upon rates/prices. Each Schedule C-1 must also include a separate sheet as an attachment on which the MBE or WBE fully describes its proposed scope of work, including a description of the commercially useful function being performed by the MBE or WBE in its Area of Specialty. If a facsimile copy of the Schedule C has been submitted with the bid, an executed original Schedule C must be submitted by the bidder for each MBE and WBE included on the Schedule D-1 within five (5) business days after the date of the bid opening.

Failure to submit a completed Schedule C-1 in accordance with this section shall entitle the City to deem the bid/proposal non-responsive and therefore reject the bid/proposal.

B. **Letters of Certification.**

A copy of each proposed MBE/WBE firm's current Letter of Certification from the City of Chicago must be submitted with the bid/proposal. All Letters of Certification issued by the City of Chicago include a statement of the MBE/WBE firm's Area of Specialty. The MBE/WBE firm's scope of work, as detailed by their Schedule C-1, must conform to their stated Area of Specialty.

C. Joint Venture Agreements.

If the bidder's MBE/WBE proposal includes the participation of an MBE/WBE as joint venture on any tier (either as the bidder/contractor or as a subcontractor), the bidder must provide a copy of the joint venture agreement and a Schedule B along with all other requirements listed in Section III above. In order to demonstrate the MBE/WBE partner's share in the ownership, control, management responsibilities, risks and profits of the joint venture, the proposed joint venture agreement must include specific details related to: (1) contributions of capital and equipment; (2) work responsibilities or other performance to be undertaken by the MBE/WBE; and (3) the commitment of management, supervisory and operative personnel employed by the MBE/WBE to be dedicated to the performance of the contract. The joint venture agreement must also clearly define each partner's authority to contractually obligate the joint venture and each partner's authority to expend joint venture funds (e.g., check signing authority).

D. Schedule D-1: Affidavit of MBE/WBE Goal Implementation Plan

Bidders must submit, together with the bid, a completed Schedule D-1 committing them to the utilization of each listed MBE/WBE firm. The City encourages bidders to utilize the electronic fillable format Schedule D-1, which is available at the Department of Procurement Services website, <http://cityofchicago.org/forms>. Except in cases where the bidder has submitted a request for a complete waiver of or variance from the MBE/WBE commitment in accordance with Section V herein, the bidder must commit to the expenditure of a specific dollar amount of participation by each MBE/WBE firm included on their Schedule D-1. The total dollar commitment to proposed MBEs must at least equal the MBE goal, and the total dollar commitment to proposed WBEs must at least equal the WBE goal. Bidders are responsible for calculating the dollar equivalent of the MBE and WBE goals as percentages of their total base bids or in the case of Term Agreements, depends upon requirements agreements and blanket agreements, as percentages of the total estimated usage. All commitments made by the bidder's Schedule D-1 must conform to those presented in the submitted Schedule C-1. If Schedule C-1 is submitted after the opening, the bidder may submit a revised Schedule D-1 (executed and notarized to conform with the Schedules C-1). Bidders shall not be permitted to add MBEs or WBEs after bid opening to meet the Contract Specific Goals, however, contractors are encouraged to add additional MBE/WBE vendors to their approved compliance plan during the performance of the contract when additional opportunities for participation are identified. Except in cases where substantial and documented justification is provided, bidders will not be allowed to reduce the dollar commitment made to any MBE or WBE in order to achieve conformity between the Schedules C-1 and D-1.

All commitments for joint venture agreements must be delineated in the Schedule B.

VII. REPORTING REQUIREMENTS DURING THE TERM OF THE CONTRACT

- A. The Contractor will, not later than thirty (30) calendar days from the award of a contract by the City, execute formal contracts or purchase orders with the MBEs and WBEs included in their approved MBE/WBE Utilization Plan. These written agreements will be made available to the Chief Procurement Officer upon request.
- B. The contractor will be responsible for reporting payments to all subcontractors on a monthly basis in the form of an electronic audit. Upon the first payment issued by the City of Chicago to the contractor for services performed, on the first day of each month and every month thereafter, email and or fax audit notifications will be sent out to the contractor with instructions to report payments that have been made in the prior month to each subcontractor. The reporting of payments to all subcontractors must be entered into the Certification and Compliance Monitoring System (C2), or whatever reporting system is currently in place, on or before the fifteenth (15th) day of each month.
- C. Once the prime contractor has reported payments made to each MBE and WBE, including zero dollar amount payments, the MBE and WBE will receive an email and or fax notification requesting them to log into the system and confirm payments received. All monthly confirmations must be reported on or before the 20th day of each month. Contractor and subcontractor reporting to the C2 system must be completed by the 25th of each month or payments may be withheld.
- D. All subcontract agreements between the contractor and MBE/WBE firms or any first tier non-certified firm and lower tier MBE/WBE firms must contain language requiring the MBE/WBE to respond to email and/or fax notifications from the City of Chicago requiring them to report payments received for the prime or the non-certified firm.

Access to the Certification and Compliance Monitoring System (C2), which is a web based reporting system, can be found at: <https://chicago.mwdbe.com>

- E. The Chief Procurement Officer or any party designated by the Chief Procurement Officer, shall have access to the contractor's books and records, including without limitation payroll records, tax returns and records and books of account, to determine the contractor's compliance with its commitment to MBE and WBE participation and the status of any MBE or WBE performing any portion of the contract. This provision shall be in addition to, and not a substitute for, any other provision allowing inspection of the contractor's records by any officer or official of the City for any purpose.
- F. The contractor shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs, retaining these records for a period of at least five years after final acceptance of the work. Full access to these records shall be granted to City, federal or state authorities or other authorized persons.

VIII. CHANGES TO COMPLIANCE PLAN

- A. No changes to the Compliance Plan or contractual MBE and WBE commitments or substitution of MBE or WBE subcontractors may be made without the prior written approval of the Contract Compliance Officer. Unauthorized changes or substitutions, including performing the work designated for a subcontractor with the contractor's own forces, shall be a violation of these Special Conditions and a breach of the contract with the City, and may cause termination of the executed Contract for breach, and/or subject the bidder or contractor to contract remedies or other sanctions. The facts supporting the request for changes must not have been known nor reasonably could have been known by the parties prior to entering into the subcontract. Bid shopping is prohibited. The bidder or contractor must negotiate with the subcontractor to resolve the problem. If requested by either party, the Department of Procurement Services shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the MBE or WBE can be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.
- B. Substitutions of a MBE or WBE subcontractor shall be permitted only on the following basis:
1. Unavailability after receipt of reasonable notice to proceed;
 2. Failure of performance;
 3. Financial incapacity;
 4. Refusal by the subcontractor to honor the bid or proposal price or scope;
 5. Mistake of fact or law about the elements of the scope of work of a solicitation where a reasonable price cannot be agreed;
 6. Failure of the subcontractor to meet insurance, licensing, or bonding requirements;
 7. The subcontractor's withdrawal of its bid or proposal;
 8. Subcontractor provided false information; or
 9. De-certification the subcontractor as a MBE or WBE (graduation from the MBE/WBE program does not constitute de-certification).
- C. If it becomes necessary to substitute a MBE or WBE or otherwise change the Compliance Plan, the procedure will be as follows:
1. The bidder or contractor must notify the Contract Compliance Officer and Chief Procurement Officer in writing of the request to substitute a MBE or WBE or otherwise change the Compliance Plan. The request must state specific reasons for the substitution or change. A letter from the MBE or WBE to be substituted or affected by the change stating that it cannot perform on the contract or that it agrees with the change in its scope of work must be submitted with the request.
 2. The City will approve or deny a request for substitution or other change within 15 business days of receipt of the written request.
 3. Where the bidder or contractor has established the basis for the substitution to the satisfaction of the Chief Procurement Officer, it must make Good Faith Efforts to meet the Contract Specific Goal by substituting a MBE or WBE subcontractor. Documentation of a replacement MBE or WBE, or of Good Faith Efforts, must meet the requirements in section V. If the MBE or WBE Contract Specific Goal cannot be reached and Good Faith Efforts have been made, as determined by the Chief Procurement Officer, the bidder or contractor may substitute with a non-MBE or non-WBE.

4. If a bidder or contractor plans to hire a subcontractor for any scope of work that was not previously disclosed in the Compliance Plan, the bidder or contractor must obtain the approval of the Chief Procurement Officer to modify the Compliance Plan and must make Good Faith Efforts to ensure that MBEs or WBEs have a fair opportunity to bid on the new scope of work.
 5. A new subcontract must be executed and submitted to the Contract Compliance Officer within five business days of the bidder's or contractor's receipt of City approval for the substitution or other change.
- D. The City shall not be required to approve extra payment for escalated costs incurred by the contractor when a substitution of subcontractors becomes necessary to comply with MBE/WBE contract requirements.

IX. NON-COMPLIANCE AND DAMAGES

- A. Without limitation, the following shall constitute a material breach of this contract and entitle the City to declare a default, terminate the contract, and exercise those remedies provided for in the contract at law or in equity: (1) failure to demonstrate good faith efforts to comply with MBE or WBE participation requirements; and (2) disqualification as a MBE or WBE of the contractor or any joint venture partner, subcontractor or supplier if its status as an MBE or WBE was a factor in the award of the contract and such status was misrepresented by the contractor.

B. Payments due to the contractor may be withheld until corrective action is taken.

C. Pursuant to 2-92-445, remedies or sanctions may include a penalty in the amount of the discrepancy between the amount of the MBE/WBE participation commitment and the achieved amount of MBE/WBE participation, disqualification from contracting or subcontracting on additional City contracts for up to three years. The consequences provided herein shall be in addition to any other criminal or civil liability to which such entities may be subject.

D. The contractor shall have the right to protest the determination of non-compliance and the imposition of any penalty by the Chief Procurement Officer pursuant to 2-92-445 of the Municipal Code of the City of Chicago, within 15 business days of the determination.

X. Arbitration

A. In the event a contractor has not complied with the contractual MBE/WBE percentages in its Schedule D, underutilization of MBEs/WBEs shall entitle the affected MBE/WBE to recover from the contractor damages suffered by such entity as a result of being underutilized; provided, however, that this provision shall not apply to the extent such underutilization occurs pursuant to a waiver or substitution approved by the City. The Ordinance and contracts subject thereto provide that any disputes between the contractor and such affected MBEs/WBEs regarding damages shall be resolved by binding arbitration before an independent arbitrator other than the City, with reasonable expenses, including attorney's fees, being recoverable by a prevailing MBE/WBE in accordance with these regulations. This provision is intended for the benefit of any MBE/WBE affected by underutilization and grants such entity specific third party beneficiary

rights. Any rights conferred by this regulation are non-waivable and take precedence over any agreement to the contrary, including but not limited to those contained in a subcontract, suborder, or communicated orally between a contractor and a MBE/WBE.
